5002	C Randell																		14.50
4562	K Ware																		16.01
4690	C Barnes																		14.50
5561	J Clementson																		No 2023 Result

Note 2024 A Series Standard Helm Handicaps have been derived from the 2023 seasons mean average including all discards and retirements. The winning helm each week is indicated by the largest score (i.e. the biggest improvement from their 2023 handicap). The series winner will be the helm that scores the highest number of Standard race wins, by week, across the season (see current ranking). Ties will be settled using the method described within the 2024 Race Principles
