

**Chipstead
Sailing Club**

Sailing Club Programme 2026-27

Sailing safely on Chipstead Lake

The safety of members both ashore and afloat is of primary importance. The guidance notes supplement and repeat some of the Club's Safety Regulations in the Club's Bylaws issued to members. Please ensure you are familiar with them

The following are mostly about 'sailing safety' – but if you come across anything 'land side' that you consider is a hazard or unsafe practice please report it to a committee member, or the OOD for recording in the logbook.

Safety ashore

Before going afloat please make sure that:

- Your boat is buoyant
- You are confident that you can handle the conditions – both now and likely to arise – without relying on patrol boats or others. If not – don't sail!
- Your buoyancy aids are sound and fitted correctly (i.e. tightly so that they don't ride up over your face if immersed) and that you have suitable protective clothing. Club regulations mandate the use of wet/dry suits between 25 December and 31 March. The lake can be cold at other times, especially spring and early summer, and the body loses heat up to 35 times more quickly in water than air. So it may be sunny, but be water wise.
- Manoeuvring boats on shore and launching and recovering boats has the risk of slipping on slipways, jetties or the shore. And take care when moving boats on trolleys not to hit bystanders.

Safety on the water

- If conditions deteriorate consider retiring if racing or coming ashore.
- Even if patrol boats are operating remember that you have an obligation to assist others in trouble especially if patrol boats are not around or are busy with others. If you are racing this still applies. Seek redress if you consider that your result has been jeopardised.
- If you do capsize do everything you can to prevent your boat inverting and potentially trapping someone underneath. It is better that one crew member stays on the centre board to prevent immersion whilst a patrol crew arrives to recover the other person rather than swimming around to help and allowing the boat to invert.
- The first priority of patrol boat crews is assisting people – boats won't go far on the lake and can be recovered later. If patrol crews tell you to leave your boat and be recovered to the shore please obey them. They may have other sailors to assist.

AVAILABILITY OF PATROL BOAT (Out of hours)

There is a red rowing boat located near the foreshore that can be unlocked with the CSC club key for emergency use. The oars are inside powerboat shed no.2.

Patrol Boat crews

■ Keep your skills up to date: The club encourages all members who undertake their duties in powerboats to be confident and competent through up-to-date training. If you would like to do your duties in a powerboat, you should liaise with your class captain who will advise you whether your class needs powerboat helms and refer you to the powerboat training team for training or assessment. **The club operates an authorised powerboat helms list and only those members should operate powerboats.**

■ Can you operate a powerboat safely? One day you may depend on one of your fellow sailors - and they on you. Before going afloat in a powerboat make sure you have all the necessary equipment and ensure you wear the killcord at any time the engine is running (even when starting it). Remember that your first priority is to people. If sailors are cold or seem to be suffering some kind of injury or seem unwell, get them ashore quickly and radio ahead for 'First Aid' to be available on arrival.

■ If you haven't got a powerboat qualification you can access courses through the Training Centre. There are RYA certificated courses available to members, in addition to a free Chipstead course which covers all aspects of undertaking safety and recovery duties (please liaise with your class captain regarding this course). RIBs are operated by members of the RIB Squad.

■ Have you got First Aid capability? The Club runs First Aid courses - useful, indeed essential, for your home life as well as sailing. If you don't have a qualification please consider taking a course.

■ Many members have First Aid certificates and First Aid equipment is located in the clubhouse (main kit is located on the Committee Room door). If there is an accident, however minor, please record it in the Accident Book (located on the Committee Room door).

SOCIAL SAILING

There are plenty of opportunities to sail outside of the race programme. For safety reasons be aware of the wind speed and conditions, and sail with a buddy or when others are at the club or on the shore. Recommended times in the summer:

Wednesday 13:30 to 16:30

(Ladies) Women on Water Thursday 09:30 to 12:00

TGI Friday Sailing 16:30 to 20:30

Saturday 09:30 to 13:00

Saturday 16:30 to 18:00

Sunday 16:30 to 18:00

Easter Saturday and Sunday

The Fast Handicap Regatta on the 2nd Bank

Holiday Monday in May

Social sailing afternoon Sunday 23rd August.

Radio social sailing Tuesday, Thursday mornings

DUTY TEAM NOTES

- Race Courses should normally follow the Club's Standard Course recommendations. Variations should be agreed with a Class Captain or Sailing Secretary before posting.
- Starting times may be postponed: if so the postponement flag will be flown until 1 minute before the new warning signal.
- Races not started within 45 minutes of the scheduled time may be cancelled by agreement between the OOD, the relevant Class Captains(s) or the Sailing Secretary.
- Summer Series Duty Rosters - Saturday afternoon** duty teams run races with first race start times of 14.20. **Sunday morning** duty teams run races with first race start times of 10.30. **Sunday afternoon** duty teams run races with first race start times of 14.10 and are responsible on six occasions for the Graduate Goblet race with a 16.00 start time. Duty teams should arrive and be ready 1 hour before the start of racing.
- Laps** - Comet, Topper, Heron, Mirror and other boats with PY more than 1190 at the discretion of the OOD will normally race one lap less than other classes only if there are two or more laps for a 45 minute race, or three or more laps for a 75 minute race. Optimists will normally race one less lap than Comet, Topper, Heron and Mirror again subject to OOD discretion. All subject to SI 11.3 regarding finishing.

RYA RACING CHARTER

Objectives

- To provide the framework for everyone to enjoy the sport of sailboat racing in whatever capacity and to whatever level the individual desires.
- To ensure that the sport of sailboat racing welcomes all people and treats them equally.
- To ensure that those who experience sailboat racing are encouraged to continue.

Principles and practices

- The sport welcomes all participants; it relies largely on self-compliance and self-policing. Those that deliberately take unfair advantage of this or behave in an inappropriate manner, either on or off the water, can expect action to be taken against them.
- Competitors agree to compete in compliance with the rules and behave in accordance with accepted standards of sailboat racing. When involved in a genuine dispute, all parties to the dispute and those deciding the matter will use the established procedures for achieving resolution.
- Foul or abusive language, intimidation, aggressive behaviour or lack of respect for others and their property will not be tolerated.
- Organizers, officials and other providers of sailboat racing agree to provide the fairest racing possible. This includes encouraging feed-back and facilitating the resolution of genuine disputes (including protests) in a timely and proper manner.
- Support persons agree to encourage their competitors to behave in compliance with the above principles and practices.

This Charter applies equally to those who organize, manage, coach, advise, judge, provide services and compete (including those who support competitors) in sailboat racing. The RYA encourages the adoption and implementation of this Charter, and provides guidance and support to individuals and organizations to assist implementation. This guidance and support is consistent with the practices of World Sailing. For further information, visit www.rya.org.uk/racingrules

NOTICE OF RACES

- This programme including the table of start times and calendar is deemed to be the Notice of Race for the Chipstead Sailing Club racing series as designated by the Club Sailing Instructions
- Helms are required to sign on using the Race Management computer. There is normally no need to sign off except for Pursuit races.
- Chipstead handicap PY for each season will be set by the Sailing Committee usually in March each year, and will be published on the club website and the club noticeboard
- Race expected durations are for guidance only, and are not grounds for redress under RRS 62.1

Topper, Laser and Heron Points If there is any variation in rig (Toppers or Lasers) or any single handed Herons, these races will be run as handicap races with entry restricted to the appropriate hull type.

Firefly and Enterprise Points – Firefly and Enterprise helms should enter the Herbert Chase handicap race series. If there is a quorum results for the points series will also be extracted from the Herbert Chase.

Wednesday Evening Racing – Fast Handicap is for any boat with PY below 1190. Slow Handicap is for boats with PY greater than or equal to 1190.

Ladies Trophy and Veterans Tankard - Results for these Race Series will be extracted from the second start of the Sunday AM Handicap Race series with a start time of no earlier than 11:15am. Results for eligible Laser helms will also be included with the necessary time adjustment. Entrants should sign on using a paper form separately to signing on for the Laser B or Sunday Handicap B. Veterans must be at least 55.

Novices Cup - To qualify for the Novices Cup you must not have completed any of the Summer Seasons Race Series in previous years, including Class, Handicap, Junior or Wednesday Evening Racing, and not to have come 1st, 2nd or 3rd in the Novices Cup previously.

Sailing Secretary's Prizes For Helms and Crews under 18 at the start of the year. Results will be taken as unadjusted positions from any Standard Racing series on Saturday PM, Sunday AM or PM. Crew entrants will need to sign on either online or using the paper booklet provided by the race computer.

Top Dog and Mongrel's Bowl

- 1 a) Helms that sail the prescribed number of qualifying Races in any of the Summer Class Points Series or Club Handicap Series are eligible to sail in either the Top Dog race series or the Mongrel Bowl race series.
- b) Qualifying helms from the Novices, Ladies, Veterans and Sailing Secretary's race series will also be eligible for the Mongrel's Bowl if they have not otherwise qualified for the Top Dog from 1 a)
- 2 For any Summer Class Points Series or Club Handicap Series with 6 or less Qualifiers the top three qualifying helms shall sail in the Top Dog. For any Summer Class Points Series or Club Handicap Series with 7 to 19 Qualifiers the top four qualifying helms shall sail in the Top Dog. For any Summer Class Points Series or Club Handicap Series with 20 or more Qualifiers the top five qualifying helms shall sail in the Top Dog.
- 3 Double handed boats shall only be permitted to sail double handed. Double handed boats and single handed boats may sail with any choice of rig they have sailed in any series they qualified in, but choice of rig must be nominated at least 5 days before the Top Dog race. The current CSC handicap will apply
- 4 If a helm qualifies in more than one Class Points or Handicap Series for either the Top Dog or Mongrels Bowl then he or she shall nominate the qualifying Class and type of boat and rig at least 5 days before the day of the Top Dog Race. If he or she fails to nominate before the deadline the Sailing Secretary shall make such nomination on behalf of the helm at their sole discretion and taking into account the Class and rig in which the helm has sailed the greatest number of races.
- 5 If a helm is eligible to sail in the Top Dog but is not going to do so in any class of boat, then a Class may extend an offer to sail to a replacement helm. Such offer shall not be extended by more than two positions below the permitted number of boats set out in 2. In handicap races the offer to sail as a replacement helm may be extended by no more than two positions at the sole discretion of the Sailing Secretary. A replacement helm shall not be obliged to accept an offer from the Class or the Sailing Secretary.
- 6 Any helm qualified to participate in the Top Dog or who has chosen to sail as a replacement helm in the Top Dog shall not be entitled to helm in the Mongrel Bowl in any Class. A helm qualified to sail in the Top Dog may crew in the Mongrel's Bowl and a helm eligible to sail in the Mongrel's Bowl may crew in the Top Dog.
- 7 The Top Dog Race Series shall consist of three races, with any two races to count. The position of the first three boats of a Class participating in the Top Dog shall count in determining the winning team.
- 8 The Mongrels Bowl shall consist of two races, with both races to count. The position of the first three boats of a Class participating in the Mongrels Bowl shall count in determining the winning team.

SUMMER SAILING SEASON STARTS SATURDAY 27 MARCH 2027			

Chipstead Sailing Club Sailing Instructions January 2026

The notation **[DP]** in these Sailing Instructions (SI) means that the penalty for a breach of that rule may, at the discretion of the protest committee, be less than disqualification.

As a club we promote respectful and courteous behaviour to everyone, but in particular towards race duty teams. Breaches of this can incur scoring penalties, DSQ, or if necessary the club disciplinary procedures.

1 Rules

- 1.1 All races will be governed by:-
The World Sailing Racing Rules of Sailing (RRS)
The prescriptions of the Royal Yachting Association
The relevant Notice of Race (NoR)
These Sailing Instructions, including relevant Appendices to these SIs.
The Rules of the relevant Class Associations
The Rules and Byelaws of Chipstead Sailing Club (www.chipsteadsc.org.uk)
The Arbitration and Advisory hearings of the RYA Rules Disputes procedure will be available.
Additional Appendices as defined in the NoR.
These SIs change the following RRS :- 60.1, 27, 90.2.c, 40.2 and Preamble to part 4, 26, 32, and appendix A2 and A5

2 Safety equipment

- 2.1 Adequate personal flotation devices must be worn at all times when afloat and on the pontoons, except briefly while changing or adjusting clothing or personal equipment. This changes RRS 40.2 and Preamble to Part 4. **[DP]**
- 2.2 Wetsuits or drysuits must be worn between 25th December and 31st March inclusive.

3 Notices to Competitors

- 3.1 Notices to competitors will be posted on the Official Club Notice Board in the clubhouse. Event specific notices may be posted on or near the course board near the club main entrance.
- 3.2 A course board will be situated near the club main entrance.
- 3.3 The Race Committee may give verbal instructions and verbal changes to these SIs at a sailors briefing. This changes RRS 27 and 90.2.c.
- 3.4 In club handicap and pursuit races the handicap (PY) will be determined by the Sailing Committee and published on the club noticeboard in March each year.

4 Changes to Sailing Instructions

- 4.1 Any changes to the SIs will be posted on the Club Notice Board no later than 30 minutes, before the start of the applicable race, except changes to the schedule of racing will be posted no later than 20:00 the day before

5 Schedule of Races

- 5.1 Dates and times of racing including quorums and number of races that shall be scored in a series

shall be defined in the NoR, or Chipstead Sailing Club Sailing Programme, or Race Programme on CSC website. (www.chipsteadsc.org.uk).

- 5.2 The maximum number of races for each day will be defined in the NoR, or Chipstead Sailing Club Sailing Programme, or Race Programme on CSC website. (www.chipsteadsc.org.uk), or on the day of racing.

6 Signals

- 6.1 Signals made ashore will be displayed from one of the starting box masts.
- 6.2 Class flags will be indicated on the Notice Board in the clubhouse, or on the course board.
- 6.3 A class is defined to be all boats that start on the same class flag, even if it is a mixed handicap race.
- 6.4 Signals that apply to only some classes may be flown alongside those class flags.

7 Racing Area

- 7.1 Chipstead Lake with the following exclusion zones **[DP]**:-
- 10m radius from any angler.
 - 10m round the shore of the island west of the large club jetties.
 - 10m radius centred on the three buoys at the area of shallow water situated at the western end of the lake

8 Marks and Courses

- 8.1 The course and the number of laps will be displayed on the course board. The course may be indicated on the front of the race box, or on the starboard side of a committee boat.
- 8.2 Unless otherwise specified Marks will be orange buoys, marked with a black letter, A-K.

9 Start

- 9.1 The starting line shall be either a or b;
- Club line; The transit of a line through a black and white post and the mast at the race box
 - A line between a mark and a mast or staff on a committee boat or a mast or staff on the shore.
- 9.2 The starting times (or the warning signal time of the starting sequence) of races will be shown on the course board and in no circumstances will they be earlier than advertised. For pursuit races the start time of each class of boat will be shown (calculated by reversing the formula for corrected times in appendix A1).

- 9.3 A boat starting more than 10 minutes after her start time will be scored DNS.
- 9.4 Club races shall start using a 10, 5, Go Start sequence. This changes RRS 26.
- 9.5 Other events and series, including Open Meetings, Mongrels Bowl and Top Dog Races shall use a 5,4,1 Start sequence.
- 9.6 Boats whose warning signal has not been made shall make every endeavour to keep clear of the starting area during the starting sequence of preceding boats.
- 9.7 For club races after a general recall that classes next start shall be moved to the end of the current starting sequences.

10 Shortening

10.1 The following reasons for shortening the course are added to RRS 32.1:

- a) The Race Committee may shorten the course for a class so that the expected finishing time for the leading boat of that class is approximately as described in the race programme.
- b) After the leading boat has started its final lap, it may become apparent to the Race Committee that some boats are unlikely to finish within 30 minutes of the leading boat. In which case, the Race Committee shall consider shortening the course before such boats start their final lap.

10.2 RRS 32.2 is modified as follows:

If the race committee signals a shortened course (displays flag S with two sounds), the finishing line shall be:

- (a) Club line as described in 9.1(a) (with flag S displayed on the mast of the race box), or
- (b) At a rounding mark, between the mark and a mast or staff on a committee boat displaying the flag S. This is not appropriate for handicap races unless the finishing line is the same as the starting line.

10.3 The shortened course shall be signalled before the leading boat, or any boats to which 10.1b) applies, cross the finishing line.

10.4 Once the shorten course flag is displayed, boats crossing the finish line will be finished, unless a different class flag is also displayed (as in 6.4).

11 Finish

11.1 The finishing line will be the same as the start line defined in 9.1, or if the race is shortened as defined in 10.2.

11.2 The finishing line for handicap races shall be the same line as the starting line.

11.3 All boats will finish the next time they cross the finishing line after any boat in their class has finished. Boats in the same race can complete differing numbers of laps.

11.4 Boats that have finished shall sail clear of the finishing line without delay.

11.5 For pursuit races, all boats are finished on the sound signal that indicates the end of the race

12 Time Limits

12.1 For non-handicap racing, the Race Committee may award finish places on the water

12.2 The finishing position of boats which have not finished within 30 minutes of the leading boat of the relevant class finishing will be calculated on their position at the end of their previous completed lap, subject to the provisions in 14.1 and 14.2.

12.3 If no boat finishes within 2 hours of the starting signal of the relevant class, the race will either be deemed void or results will be calculated on the positions at the end of the previously completed lap.

12.4 Boats which have not completed one lap within the time limits defined in 12.2 or 12.3 will be deemed to have retired.

13 Retiring from a Race

13.1 A boat retiring from a race shall inform the Race Committee promptly.

14 Scoring

14.1 For handicap racing, Average Lap Times as described in Appendix A shall be used to provide a corrected time to determine the finishing order.

14.2 Boats in non-handicap races completing fewer laps will be scored behind those completing more laps.

14.3 The scoring system will be the RRS appendix A low points scoring, except that for Club series the "declared entry" for a race will equal the number of boats that came to the starting area;

Result

RTD (Retirement)	Declared entry +1
OCS (On course side)	Declared entry +1
DNF (Did not finish)	Declared entry +1
DNS (Did not cross start line)	Declared entry +1
DSQ (Disqualified)	Declared entry +2
DNC (Did not launch)	No score

Position

For any series the number of races to qualify as stated in the race programme will be the number of races scored. This changes RRS appendix A2 and A5

14.4 Ties in all series will be broken initially using RRS appendix A 8.1. If a tie remain unbroken then all previously excluded scores from the series shall also be included to break the tie. If a tie still remains then RRS appendix A 8.2 shall apply.

14.5 Classes may award a third place to a helm competing at an Open Meeting in that Class at another Club. Similarly, if a Class Points race is non quorate, a Class may award a third place to a helm entering a handicap race in the same half day of the race programme. The sailing secretary

may award third places in this way for handicap series. The maximum number of third places awarded to any helm for either reason is limited to three occasions in a season. If a Class Points race is not quorate, helms competing at an Open Meeting at another club at that time may not claim a third place. These awarded third places will count towards the required number of races to qualify for a Series.

15 Protests

- 15.1 Protest time limit is 30 minutes after the last boat in the boats class has finished. In the case of 'back to back' races the protest time limit is 30 minutes after the last finisher in her class in the final race of the 'back to back' sequence of races.

16 Safety Statement

- 16.1 RRS 3 states:

The responsibility for a boat's decision to participate in a race or to continue to race is hers alone

By participating in this event each competitor agrees and acknowledges that sailing is a potentially dangerous activity with inherent risks. These risks include strong winds and rough waters, sudden changes in weather, failure of equipment, boat handling errors, poor seamanship by other boats, loss of balance on an unstable platform and fatigue resulting in increased risk of injury. Inherent in the sport of sailing is the risk of permanent, catastrophic injury or death by drowning, trauma, hypothermia or other causes.

- 16.2 The organising authority will not accept any liability for material damage or personal injury or death sustained in conjunction with or prior to, during, or after the event or race series.
- 16.3 The provision of patrol boats does not relieve a boat of her responsibilities as set out in 16.1

17 Insurance.

- 17.1 It is a condition of entry that each participating boat shall be insured with valid third party liability insurance with a level of cover adequate to cover all third-party claims and at least £3,000,000.

Appendix A: Average Lap Times

- A.1 In a handicap race, for each boat corrected time is calculated as:

Corrected time = (elapsed time x most laps x 1000) / (PY x actual laps)

Where:

elapsed time is the recorded finish time for any particular boat;

actual laps is the actual number of laps sailed by that boat;

PY is the handicap for that boat; and
most laps is the number of laps sailed by the boat which sailed furthest.

- A.2 If any boat ends with a corrected time less than a boat which completed more laps but has the same or higher PY, then the final position of the boat which completed fewer laps will be adjusted to be behind the boat that did more laps. Other relative positions will remain in the same order as in A.1.

Appendix B: Eligibility to race

- B.1 Only mono hull non-foiling boats without trapezes are allowed to race, subject to a maximum length of 16 foot.
- B.2 Boats eligible to race in Open meetings will be set out in the Notice of Race and subject to the relevant class rules.
- B.3 For Open Meetings entry will be by completing an entry form and paying the appropriate fee. For Club Races eligible boats shall be entered by completing an entry on the Race Management computer or by paper sign on as appropriate.
- B.4 In a club race series spanning more than one day a helm may count races sailed in more than one boat. In a Club handicap race series of more than one day results in different classes of boat (including both single and double handed) as well as results for different choices of rig may be aggregated. In a Club points series results in different choices of rig may be aggregated as permitted by the class.
- B.5 In a one day series any change in boat or rig is only permitted where a boat or rig is damaged beyond immediate repair and such change is restricted to the same Class of boat and the same choice of rig.
- B.6 Boats sailed on the lake must be either registered with the Membership Secretary or have entered an Open meeting being run on that day.
- B.7 Measurement certificates, proof of insurance and valid buoyancy certificates shall be made available, at reasonable notice, for inspection by any club official.

Appendix C: Double handed boats

- C.1 Helm and Crew must remain in their designated positions for the full period of the race, the exception being to adjust rigging or equipment or in an emergency. Both persons to resume their correct positions as quickly as possible
